

What is a Music Aficionado?

Aficionado is a fancy Spanish word for someone who has affection (aficion) for something.

A “music aficionado” enjoys music and knows a lot about it.

You can earn a badge of recognition by attending one of our concerts.

After the concert, present this booklet to any member of the orchestra and you will receive a Junior Music Aficionado badge. You may also want to ask questions about the music, the player’s instrument, or the orchestra.

Wearing the badge tells people that you enjoy classical music and you’ve watched a live orchestra in action.

Name _____ Age _____
